Stone Collection **BIANCO**

A combination of thick and subtle veins crossing a pure white background provides the Bianco with a design that exudes elegance and decorates any space where it's used with a touch of freshness, class and beauty. The Bianco is a material that is in high demand nowadays due to the global trend to use white veined marble in homes.

Stone Collection CALACATTA ORO

Nova model offers a design with a very well-distributed and uniform golden vein all along the slab which optimizes its use irrespective of the type of use or format. The greyish mesh with subtle hints of gold lies on a bright white background which brings light and vitality to the place where it is used.

VENICE

A homage to White Quartzite, one of the most popular stone patterns currently on the market, it has an enrapturing neutral tone, combining a creamy white background with subtle veining in deep black. Using a special technique, Nova was able to create an inward relief exactly where the veins are, delivering an original texture which is pleasing to the touch and evokes the soaring beauty of the alpine landscape.

BLACK BEAUTY

It is the Nova response to a timeless monochromatic trend that transcends interior design, fashion and architecture; this model is one of the major designs for 2017. Inspired by Spanish marble, Nero Marquina is proof of the technical expertise of The Size. Achieving pure white veins on an absolutely sober black background requires completely innovative technique and technology.
